Sprint 2 Report
Twitch Giveaway Tracker
2019/11/17

Actions to stop doing:

The action we should stop doing the next sprint is procrastination. Even though it is understandable that some people have been midterms during this sprint, the amount of procrastination still exceeded expectations and lead to bad sprint result. Most of the tasks were started late and completed even later, in the best cases this resulted in poor quality and/or bad integration, but in the worst case this resulted in uncompleted tasks.

Actions to start doing:

Since the project is developing on existing codebase without any comments, many developers have trouble understanding the whole structure of the project. Hence, the team should organize more working sessions or discussion sessions outside of the scrum meeting, or just generally be more active in communication.

Actions to keep doing:

The team has a good culture of asking questions, whether it is for gathering suggestions, seeking confirmation or asking for clarification. Generally if people need help they ask during meetings or other communication methods. This has a positive effect on the product as a whole, hence this should be continued.

Work completed/not completed:

Completed user stories:
- User Story 3: As a user, I want to have a graphical notification for when a giveaway is happening.
- User Story 4: As a user, I want to log in with a simple click, so I can avoid fetching oauth tokens and configuring the set up manually.

Unfinished user stories:
- User Story 2: As a user, I want the software to detect giveaways instead of me finding it through every channel.
- User Story 1: As a user, I want to be able to join multiple channels at the same time while applying some filters, so I can focus on getting the giveaways I want.

Work completion rate:

Total number of user stories completed: 2
Total number of estimated ideal work hours completed: 30
Total number of days: 14
User stories/day: 0.14
Ideal work hours/day: 1.4
Average of user stories/day up to date: 0.28
Average of Ideal work hours/day up to date: 2.14
